

# Immortal Technique Lyrics

## "Goonies Never Die"

(feat. Diabolic, Swave Sevah, Gomez)

### *[Intro 1]*

And it's not smart to be dumb  
It's not smart to be dumb  
bumb de dumb dumb dumb  
Back where I come from  
it's not considered smart to be dumb

### *[Intro 2]*

Immortal Technique -  
Okay little empanada, time for bed  
"Empanada" - Uncle Felipe  
Immortal Technique -  
What, what is it now?  
"Empanada" - I heard that  
you and my dad used to  
be in a gang. Is that true?  
IT - Who told you that  
man, your mother. It  
wasn't a gang we were  
just a group of friends  
Em - Did you do bad things?  
IT - No no no look we just  
used to draw and stuff  
and play karate, borrow  
things, throw stuff, y'know  
run around at night. Like Goonies  
Em - Whats a Goonie?  
IT - You never heard of  
Goonies before?

### *[Verse 1 - Immortal Technique]*

I coulda chose another life  
with the feds try'na get me  
Little kids putting work in  
like at Gap and Disney  
In the whip high as shit  
like Bobby and Whitney  
Grab your hand and push  
the mother fuckin' pedal to sixty  
Harlem cops frisk me to  
get me to make their quotas  
But I told ya "Siempre hay  
que separar las drogas"  
Bar brawl in the club  
popping and rocking georsh  
Shot it out leaving bullet  
holes the size of matzu balls

I love big chicks never  
fucked with a slim broad  
Played soccer and  
hammered nails into their shin guards  
Gambled at cee lo with  
Dominicans locked in the tombs  
We was there for robbing  
niggas for them Spanish doubloons  
Remember Goonie era  
graffiti of all sorts  
Now they wanna foreclose  
on the hood to build a golf course  
I'll put your hand in a  
blender to make an entree  
Then cut your dick and  
glue it back on the wrong way

*[Hook - Immortal Technique]*

All ma revolutionary  
soldiers better ride  
My word is mathematics  
bitch numbers never lie  
So even if they tell you I'm  
dead I'm still alive  
Because mother fucker  
Goonies never die  
Witness protection  
program rappers better hide  
I serve revenge out the  
freezer niggas never slide  
So if they tell you I'm gone  
and you safe niggas lied  
Because mother fucker  
Goonies never die

*[Verse 2 - Swave Sevah]*

I'm a certified goonie the  
type a burgla rob ya crib  
And leave it smellin like  
sour and Afghan gooey  
Life is a movie but yours  
was filmed on a greener screen  
I give you pure uncut raw  
no deleted scenes  
War with a broadsword  
dumping a tech nine  
Slit your throat give you a  
Colombian neck tie  
The best buy to get we let  
die let fly the next guy to try some shit  
Listen a few words just to  
describe my clique  
We like a gang of spartans

walking on the Gaza strip  
Never say die its time to  
fight and we never run  
My Goonies rob niggas for  
jewelery we call em treasure hunts  
Let him front like he a  
tough guy with wippe?  
I'll hit em slug turn him to  
one eye willy watery  
grave hide ya chips  
I'll hijack ya boat load and  
cruise away on my pirate ship

*[Hook - Immortal Technique]*

All ma revolutionary  
soldiers better ride  
My word is mathematics  
bitch numbers never lie  
So even if they tell you I'm  
dead I'm still alive  
Because mother fucker  
Goonies never die  
Witness protection  
program rappers better hide  
I serve revenge out the  
freezer niggas never slide  
So if they tell you I'm gone  
and you safe niggas lied  
Because mother fucker  
Goonies never die

*[Verse 3 - Diabolic]*

Before Duncan Penderhuse  
was runnin' with dougie doug  
My team got away with  
murder we ain't fit the bloody glove  
Those jungle breeze and  
we come to feed our hungry cubs  
With hoes pulling out our  
pipes like Goonies under country clubs  
Let these funny thugs  
know whoever steps in 'Bolics spot  
Is getting crushed with  
solid rock the jester copper pot  
I suggest the drama stops  
I'll flood blocks with mustard gas  
You're up shits creek in a  
rubber raft cut in half  
Cross my fucking path I'll  
dare you I'll mangle who lit the fuse  
Quick to lose my marbles  
like Mikey replacing his with jewels  
Watching y'all enslave the

game I'm forced to say the truth  
Break the chains quick and  
Sloth reaching for Baby Ruth  
We got AD proof and  
whores in daisy dukes extra low  
While fat bitches do the  
truffle shuffle just to get in shows  
Fuck what your record  
sold respect the code and recognize  
The rebel tribe that my  
people kept alive will never die

*[Hook - Immortal Technique]*

All ma' revolutionary

My word is mathematics  
bitch numbers never lie  
So even if they tell you I'm

Because mother fucker
